Ava Louise Cancer Benefit

Ava was diagnosed with medulloblastoma brain cancer March 2018. She went into remission early 2019. Unfortunately Ava's cancer is back and her best option for treatment is a trial study at St. Judes in Memphis TN. This puts Avas family in a tough financial situation having to be more then 1000 miles from home for a undetermined amount of time. We are hosting this online fundraise/raffle to help raise fund for for Avas medical journey.
