

HARVEY'S HEART FUNDRAISER

Greg and Piper Mitchell of Fargo were overjoyed to announce that they were expecting their first child in April 2023, a baby boy named Harvey Lou. Harvey was diagnosed with Hypoplastic Left Heart Syndrome (HLHS). Harvey will undergo three open-heart surgeries at Children's Minnesota Hospital and Mayo Clinic in Rochester causing the family to relocate for an extended period of time. The first will happen within the first 3-5 days of life. Many complications and bumps in the road are to be expected but babies with congenital heart defects are commonly known as heart warriors, and we know baby Harvey will be just that -a warrior!

Donate online and Lend A Hand Up will increase your gift 20% to help Greg & Piper with medical expenses, travel/lodging during lengthy stays in Minnesota, and lost wages. 100% of the proceeds go to Harvey's fund. Cash/Check gifts are not boosted but can be gifted directly to the couple.
